About Luanne Shackelford: A true pioneer, Luanne began homeschooling her 7 children back in the early 1980's when homeschooling was a 'new' thing! Before heading to the mission field in the mid 90's, Luanne co-authored the book "A Survivor's Guide to Homeschooling" where she shares with wisdom, candor, and humor the many situations, solutions, successes and, yes, even the failures homeschool moms face, but sometimes are hesitant to talk about! Luanne, a true Titus 2 gal, will offer homeschool moms encouragement and support from her experiences as she shares from her heart how God has guided her along her journey as a homeschool mom, missionary, and wife of 56 years!

About Katherine Bussard: As C.O.O. of Salt & Light Global, Katherine equips Christians to take the heart of Jesus to the culture and works to preserve first liberties, including the liberty of parents to raise and educate their children. As a homeschool graduate and homeschool advocate, she is passionate about empowering homeschool parents with tools for discipleship that equip the next generation to pursue God's call on their life.
