Class Description: This work-text gives a strong review of all arithmetic concepts and skills that focus on basic algebra, giving the student the foundation he or she needs to enjoy and succeed in high school algebra. There is a lot of overlap between the two Abeka courses listed on PIONEERS *Class Descriptions*: "Basic Mathematics" and "Pre-Algebra." Both courses can fulfill preparation for Algebra. The student who completes Basic Mathematics and feels confident with the material is ready to move to Algebra. The student who needs more practice can get that by taking Pre-Algebra the following year. Homework is turned in each onsite week to help with accountability, checking organization, completeness, neatness, and timeliness.

"Class Preparedness" will be recorded based on student's book, pencils, and homework being brought to class, timeliness, note-taking, and willingness to ask questions and participate in class.

Workbook Units Include:

- Number Basics/Rounding
- Place Value/Fractions
- Decimals
- Ratio and Proportion
- Percent Basics
- Measurements
- Introduction to Algebra
- Properties of Arithmetic
- Introduction to Graphing
- Sequences
- Polynomial Arithmetic
- Dimensional Analysis
- Introduction to Solving Equations
- Pythagorean Rule and Trigonometry

Student Evaluation: Students will receive a percentage grade each semester based upon the following:

Homework/Preparedness	50%
Quiz and Test Average	25%
Semester Exams	25%

Grading Scale

90-100%	=A
80-89%	=B
70-79%	=C
60-69%	=D
Less than 60%	=E
