Overview of MAD SCIENTIST (Grades 6-8/9)

Tutor: Mrs. Tammey Szymczyk
(517) 202-4409
tammeys333@gmail.com

Textbook: None Required

Lab Fee: \$15.00/semester

Course Description: Mad Scientist is a STEM enrichment level class. This STEM interactive learning experience will transform laboratory science into fun. Every class will be taught with hands-on experiments, labs, models, and games. Students will learn how to do independent investigation learning five steps of writing a successful lab report. Some experiments include chemical reactions, dissecting, Newton Laws, aviation, and architecture. Students will also do a short in-class presentation (experiment). If you enjoy hands-on science, this is the class for you.

Student Evaluation: Students will be given a letter grade each semester. This grade will be based upon how well they do on their in-class presentation (experiment) as well as participation and attitude in class.

Grading Scale

90-100%	=A
80-89%	=B
70-79%	=C
60-69%	=D
Less than 60%	=E
